“I was drawn to Sidley based on my interactions with the firm’s attorneys, the breadth and depth of its practice groups and its emphasis on training and development. As a summer associate, I worked on a number of substantive matters across the firm’s practice groups. In fact, when I returned as an associate, I worked on a merger transaction that I had assisted on as a summer associate. Sidley’s collegiality and commitment to training and development were revealed and affirmed to me throughout the summer program by attorneys who generously gave their time to teach me their practice, which made joining Sidley an easy decision.”

- 2017 SIDLEY SUMMER ASSOCIATE

“Sidley prides itself on welcoming summer associates to a strong culture founded on first-rate client advocacy, diversity, training, collegiality and fun.”

- SIDLEY PARTNER

“My summer associate experience at Sidley was everything that I could have asked for and more. Within the first week, I felt at home—all the attorneys were welcoming, enthusiastic and, most of all, inspiring. From engaging in interesting and challenging assignments to attending numerous social events with my fellow summer associates, I gained invaluable insight and built close relationships.”
